SAMUEL ASARE ABOAH

Frontend Engineer • Community Builder • Tech Lead

(+233) 555905924 | samuelaboahasare@gmail.com | linkedin.com/in/samuel-asare-aboah | samuelasareaboah.vercel.app

PROFESSIONAL PROFILE

Frontend Engineer with over 2 years of experience designing and building performant, scalable web applications using React, Angular, TypeScript, and Next.js. Adept at translating complex requirements into clean, maintainable interfaces that deliver real user value. Experienced working across product companies and non-profit organizations, bringing both technical discipline and a strong sense of purpose to every project. Founded StackMinds, a developer community platform built to connect and grow tech talent. Currently broadening engineering scope into backend development with Python and FastAPI, working toward full-stack capability.

WORK EXPERIENCE

Salcon Technology and Management Ltd | *2024 – Present* • Remote

Frontend Lead

- Lead frontend development across multiple concurrent client projects, coordinating a remote engineering team to deliver scalable, production-ready solutions.
- Collaborate with backend engineers to integrate RESTful APIs and optimize application performance and data workflows.
- Enforce code quality standards including modular architecture, clean code principles, and performance best practices across the team.
- Work cross-functionally with product and design stakeholders to align technical delivery with business requirements.

StackMinds | *April 2025 – Present* • Ghana

Founder & Team Lead

- Founded and lead a developer community platform focused on mentorship, knowledge sharing, and accelerating career growth in tech.
- Define the strategic direction and product roadmap, overseeing community growth and platform development.
- Built and manage a team of contributors working toward expanding the platform's reach and impact across the tech ecosystem.

Samaritan's Feet Ghana | *April 2025 – Present* • Ghana

Social Media Manager

- Develop and execute strategic social media content to raise awareness of the organization's humanitarian initiatives and grow community engagement.
- Manage the organization's presence across Facebook, Instagram, Twitter, and LinkedIn, maintaining consistent and impactful messaging.
- Track engagement metrics and adapt content strategy to expand audience reach and community involvement.

AmaliTech | *Nov 2023 – Oct 2024* • Takoradi, Ghana
Frontend Developer

- Selected from a company-wide hackathon to contribute to an internal product, gaining hands-on experience within a professional engineering environment.
- Expanded technical proficiency in frontend technologies and collaborated with senior developers on real-world software delivery.

EDUCATION

University of Ghana, Legon | *Sept 2019 – 2023* • Accra, Ghana
BSc. Information Technology

New Juaben Senior High School | *2015 – 2018* • Koforidua, Eastern Region
General Science
